There are over 10,000,000 homeless children and orphans in Mexico in need of our help!

You might be asking yourself why does this situation exist?

Some facts you need to know about the ten million plus homeless and orphaned children of Mexico:

- ◆ They are street children ages twelve and under.
- ◆ They are impoverished, uneducated and living in deplorable conditions that expose them to hunger and disease.
- ◆ Many are sexually abused and forced to beg, steal and even prostitute themselves in order to exist.
- ◆ They desperately need our help.

The Mexican government is not able to provide assistance to these children through:

- ◆ Foster care, shelters or food stations
- ◆ Formal education that would enable them to rise above this despair

What is being done to help?

Take a Journey to the House of Gems...

- ◆ The House of Gems is an orphanage facility located in Guadeloupe, Mexico. It is a home planned to house 264 orphaned and homeless children. At this time it is halfway completed.
- ◆ The orphanage will provide a temporary place for homeless and orphaned children to learn to live in a safe home and family friendly environment.
- ◆ The House of Gems is set up to help adoptions take place legally and ethically. There will only be the minimal fees associated with adoptions completed out of this facility.
- ◆ In the future The House of Gems is working toward serving as a model orphanage that can be duplicated throughout the world.

You can come, donate or participate to help us create the most memorable black tie event of your lifetime

You are cordially invited to come and enjoy an evening that includes:

- ◆ *a specialty dinner*
- ◆ *music*
- ◆ *informative talk*
